## Membership Levels

### State and National:

**Lifetime-** For a one-time fee you receive membership for life. Dues include a life membership card, a life membership certificate, a life subscription to the National FFA Alumni Association New Visions newsletter and a lifetime subscription to the National FFA Organization's New Horizons magazine. Only the interest earned from investing life membership dues is used for National FFA Alumni services.

**Why become a lifetime member on the state and national level?** By having enough lifetime members, we eliminate our dues on the state and national level and ensure our long-term viability as a chapter. On a more personal level, you become a part of something bigger: a community of individuals who feel that the FFA is essential to the development of the next generation of leaders in the agriculture industry.

### Local:

Lifetime and Annual memberships are available on the local level. All money earned from these dues goes to the students and other community projects
